

Youth Services Landscaping

After two very successful summers working within Towamensing Trails, Youth Services is starting a program that each individual resident can benefit from. We will be providing landscaping services for residents upon request. We are taking a special pride in providing Senior Citizens with a special program at an extraordinary low cost to them.

Our program specializes in Lawn Care, Lot Clean-up (clearing leaves, brush, garbage), Mulch Bedding, Creative Borders made up of stone, wood, or composite, to complement your mulch bed, driveway, or walk way. We will also Trim Trees. We reserve the right to refuse any participate if we feel it puts our youth in danger.

Youth Services Landscaping goal is to provide your community with the best service possible in a timely fashion at very low cost to the resident. We will be opening our program to 60 resident initially. YSL takes pride in our services and cares about each Individual involved in the program so we are fully insured. If you have any other questions or concerns please contact Anthony @ 484-764-6999 I will be happy to assist you.
